Purpose of Services

I understand that the purpose of working with this herbal clinic is to support my overall wellness through the use of herbal, nutritional, and lifestyle recommendations. The practitioner is not a medical doctor and does not diagnose, treat, or cure disease. Herbal consultations are intended to complement, not replace, medical care provided by a licensed healthcare professional.

Nature of the Relationship

The services provided are educational and supportive in nature. I understand that herbalists provide information to help me make informed decisions about my health, and that it is my responsibility to consult with a licensed physician or other qualified healthcare provider for medical advice, diagnosis, or treatment.

Methods Used

I understand that recommendations may include:

- Herbal preparations (teas, tinctures, syrups, salves, etc.)
- Nutritional and lifestyle suggestions
- Energetic and spiritual wellness practices, when relevant to my goals

All herbal products recommended are chosen for safety and suitability to my individual constitution and needs, based on the information I provide.

Confidentiality

All information shared during consultations is confidential and will not be disclosed without my written consent, except as required by law.

Client Responsibility

I acknowledge that I am responsible for:

- Providing complete and accurate information about my health and any medications or supplements I am taking.

- Monitoring how I respond to herbal recommendations.
- Notifying my practitioner and/or healthcare provider if I experience any adverse reactions or changes in health status.

Limitations and Risks

I understand that herbs are generally safe when used appropriately, but reactions or sensitivities may occur. I accept that the practitioner cannot guarantee outcomes and that my results depend on my own participation, body, and circumstances.

Telehealth Agreement

If sessions are conducted virtually, I understand that the same standards of confidentiality and care apply. I agree to ensure privacy during virtual consultations and acknowledge that technical issues may occasionally interrupt communication.

Data Policy

I understand that this practice collects consumer health data, including information about my health history, symptoms, and wellness concerns, for the purpose of providing personalized herbal support. I consent to this collection and use as outlined in the Privacy & Consumer Health Data Policy.
